What is a Gift-In-Kind Donation?

A gift-in-kind is a contribution of goods and/or services that can be used for charitable purposes in lieu of cash, securities or personal property. Each year, St. Louis Children's Hospital receives thousands of dollars worth of toys, stuffed animals, books, clothes, etc. donated in-kind to the hospital. These gifts help us in our mission to *do what's right for kids*.

Gifts-in-kind are used in various places throughout the hospital, including the child life playroom, teen lounge, library, emergency unit, radiology, waiting areas, admitting and many more patient service areas. Your donations are welcomed and greatly appreciated!

St. Louis Children's Hospital's Child Life Department accepts gift-in-kind donations on behalf of the hospital.

- We work with the appropriate departments to make sure the donated items go where they are needed most.
- We provide official acknowledgment to the donor and maintain a record of the donation.
