St. Louis Children's Specialty Care Center

Advanced Pediatric and Adolescent Care, Close to Home

The St. Louis Children's Specialty Care Center is an outpatient facility located in west St. Louis County focused exclusively on providing the very best care for young patients.

At the Center, Washington University Physicians and St. Louis Children's Hospital pediatric nurses and staff bring nationally recognized expertise to children and families, in an environment completely dedicated to kids and teens. The Specialty Care Center features a range of pediatric medical services, conveniently located at Highway 40/I-64 and Mason Road.

Families and patients are surrounded by an uplifting and creative environment that reduces stress, promotes healing, and provides a superior patient experience.

features and amenities

- **Dedicated, specialized space:** Three stories of customized space designed specifically for child and adolescent health care, with a separate pick-up area for surgical patients
- **Convenient parking:** large surface parking lot located just steps from the entrance
- **On-site food kiosk:** Offers food and drink choices available for purchase
- **Safety Stop:** Provides free appointments for car seat, helmet and home safety consultations with trained safety technicians plus a limited selection of safety products for purchase
- **Classroom Space:** Classes on CPR, babysitting and staying home alone are available throughout the year
