St. Louis Children’s Hospital
One Children’s Place PL25
St. Louis, MO 63110

Registration Deadline: October 14, 2011

Mildred Horodynski, PhD, RN, WHCNP
Professor, Michigan State University
Keynote Speaker

Dr. Horodynski earned a BSN from the University of Maryland, an MSN from Wichita State University and a PhD in Nursing from Wayne State University. She is currently a professor at Michigan State University (MSU). For the last 12 years her research interests have focused on promoting healthy eating behaviors with low-income mother-infant and mother-toddler pairs as a means to prevent childhood obesity.

Dr. Horodynski is the Principal Investigator for the current $1.5 million federal grant from the USDA for a multi-state study, “Healthy Babies Through Infant-Centered Feeding.” She serves as the primary director on an integrated project with the National Research Initiative of the USDA, “Healthy Toddlers and Strong Families through a Positive Feeding Environment.” Additionally, she is the Principal Investigator for an MSU Clinical and Translational Science Institute Seed Grant to explore working with Native American mothers on infant feeding practices. These three projects are all excellent examples of the applied translational research undertaken by Dr. Horodynski. She has earned several research awards for her work from organizations such as the Midwest Nursing Research Society, Sigma Theta Tau International Honor Society, and the Phi Beta Delta Honors Society for International Scholars. Dr. Horodynski has authored numerous articles and delivered many presentations throughout her outstanding professional career.

For directions, please call 314.454.2615 or visit StLouisChildrens.org.

Parking: The closest parking available is in the North Garage at the intersection of Parkview Place and Euclid Avenue. Parking is the responsibility of the participant.
Course Objective
At the conclusion of the program, participants will be able to identify implications derived from child and family research and evidence-based practice.

Target Audience
Nurses, physical therapists, occupational therapists, respiratory therapists, speech language pathologists, psychologists, social workers, physical therapist assistants, occupational therapist assistants and other allied health personnel. No previous research experience is required.

CEU
This continuing nursing education activity is pending approval for 5.6 nursing contact hours by St. Louis Children’s Hospital. St. Louis Children’s Hospital is an approved provider of continuing nursing education by the Missouri Nurses Association, an accredited approver by the American Nurses Credentialing Center’s Commission on Accreditation.

Registration
SLCH employees should register through Cornerstone. All others should complete the registration form and send along with payment (if applicable) to:

Lisa Carroll
St. Louis Children’s Hospital
One Children’s Place PL25
St. Louis, MO 63110

Registration will be accepted until October 14, 2011.
