GOLF FOR GASTROSCHISIS

Dear friend,

I am excited to announce our 3rd annual **Golf for Gastroschisis** event on August 3, 2024 at Acorns Golf Links in Waterloo, IL. This golf scramble will raise funds for two organizations -**St. Louis Children's Hospital** and **The Global Gastroschisis Foundation**- that helped my family through our most difficult time.

As you may know, my daughter Laina was born with her intestines and stomach outside of her body through a small hole in her abdomen. This birth defect, called gastroschisis, affects 1 in ~2500 pregnancies. After she was born, Laina had surgery at 3 days old and then spent 27 days in the NICU at St. Louis Children's Hospital. We had a "simple" case of gastroschisis, but are still immensely grateful for the care and expertise she received while in the NICU. Laina is now an adventurous, stubborn 3-yr old with a unique scar in place of a belly button.

My family created Golf for Gastroschisis as a way to celebrate our little Laina but primarily to give back to the NICU. Aside from caring for babies with gastroschisis, St. Louis Children's Hospital is dedicated to ensuring kids learn, grow, laugh and play no matter what medical issues they face. The last 2 years we raised over \$10,000. ***Will you help us do it again?***

We have a variety of sponsorship levels listed below. Please consider participating or making a donation today in support of this event.

- \$175 – Hole Sponsor: Company name at tee box
- \$500 – Par: Hole sponsor plus foursome team entry
- \$750 – Birdie: Hole sponsor, game sponsor & team entry
- \$1,000 – Eagle: Company name on banner and social media, hole/game sponsor & team entry
- \$1,500 – Ace: Eagle sponsor plus Company name on souvenir

If you are unable to provide support through a monetary donation, items or booze for a raffle would also be greatly appreciated and beneficial to the success of the event.

The link to sign up for a sponsorship can be found on the attached flyer or on our "Golf for Gastroschisis" Facebook event page. For any questions or more information, please feel free to contact me at **618-960-8502** or **aubrey.thessing@gmail.com**.

Thank you for your consideration,

Aubrey Thessing
